

Thermoelectric temperature sensors for refuse incinerating plants

301

Designed for

- the remote temperature measurement on machines for refuse incineration plants

Advantages

- thermoelectric cell "S" and "B"
- measuring temperature up to 1600 °C, for short time 1800 °C
- variety assortment length of the protecting tubes
- fitting flange included
- the sensor comes with a 24-month guarantee

Technical data

Span [°C]	0 to 1300 - thermoelectric cell S (for short time 1500) 300 to 1600 - thermoelectric cell B (for short time 1800)
Rated length L	200; 250; 300; 400; 500 mm
length of metal protective carrier tube L1	63, another
Type	single or double S or B
Tolerance class	2
Protection rating	IP 65
connection	flange
